Noland Jones of Water Management/Customer Billing Services

Chris Shepherd of Parks and Recreation

The September 2005 STARS! Show and Tell Award Recipients

Our Employees **Noland Jones of Water Management/CBS**

Noland Jones suggested that we take up a donation for victims of hurricane Katrina. He had such zeal to do something to help, that he talked to staff in the division, found a secure container for donations, and discussed sites where clothing was being collected. Noland participates in these types of activities in the department, but this is the first time he has shown his leadership ability by organizing the effort.

Integrity **Chris Shepherd of Parks and Recreation**

Chris demonstrates integrity in his everyday interaction with kids and their families through the nature programs he conducts for Parks and Rec. My children have benefited from his programs for more than four years now. I am always impressed by his wonderful soft-spoken style which shows the respect he has for his young students. He is a true gem and someone we are lucky to have in our City's recreation program.

Customer Service **Phil Loziuk of Public Works/Transportation**

Phil is one of our City's hardest working employees. He cares deeply about transportation issues, pedestrian safety and traffic calming. His contributions to the City's safety efforts include: new zebra-stripe crosswalks where the South Ellerbe Trail crosses Wesk Knox, Green, and Markham streets; installation of new "Share the Road" signs to remind motorists to watch out for bicyclists; a completed an effective traffic calming package for Old West Durham.

Teamwork **Billy Gregory of Solid Waste**

Billy has worked for the City for over 25 years and is currently a crew chief at the City's Transfer Station/Yard Waste Facility. Multi-tasking is Billy's middle name. On any given day you will see Billy operating equipment, assisting citizens, training staff and doing whatever it takes to complete the mission. Billy always can be seen helping his employees getting the job done even if it means coming in on the weekend to help.

Leadership **Jody W. Morton of Fire/Prevention**

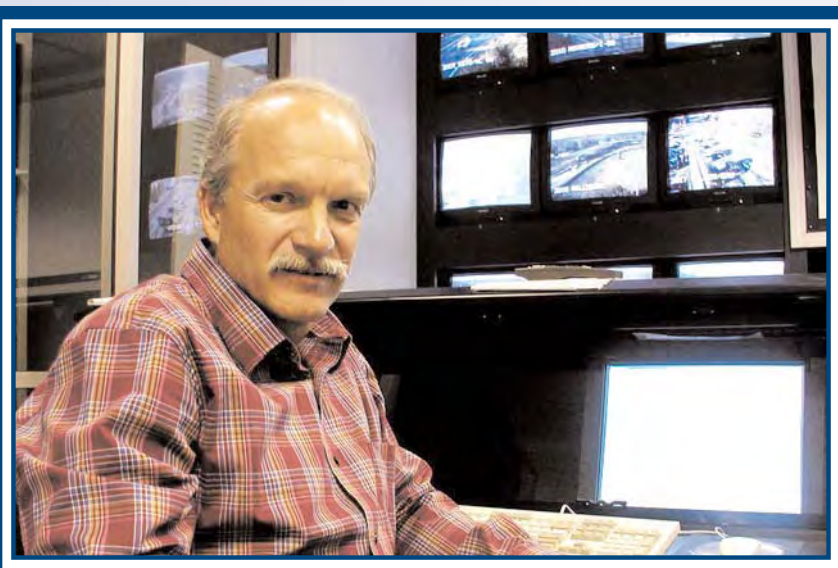

Fire Inspector Jody Morton has demonstrated outstanding leadership capabilities in the Fire Prevention Division. His fire inspection numbers consistently exceed the required division mandate. Jody also handles additional duties as they arise. He willingly fills in as the Division Head in the absence of Assistant Fire Marshal Eddie Reid and Fire Marshal Kenneth E. Crews. Jody has also completed the state requirements for teaching the Fire Prevention levels I, II and III classes. He has achieved his North Carolina State Certified Fire Investigation Certificate.

Open Communication **Eugene "Gene" Arrington of Solid Waste/Street Cleaning**

Carrington was honored for his overall open communication.

Fairness **Chris Cates of Solid Waste/Street Cleaning**

Cates was honored for his overall fairness to co-workers.
